* s : estimated values

Key Data Gemany 2006 (Page 4 of 4)

Notes:

1. East Germany = new federal states and Berlin; West Germany = former federal territory excluding West Berlin
2. 10th co-ordinated population forecast, variant 5; see footnote 1; 2005 current data (31.12.2005)
3. Service industry: trade, transport and telecommunications, and other areas of economic activity (incl. credit and loan business, business services, public administration, public and private services)
4. Employees
5. Labour force participation rate for the 15- under 65-year age group, according to ILO-concept (employed + unemployed persons)
6. Freelancers and assisting family members
7. Share of employees' remuneration of national income, minus effects resulting from changes in employment structure. The employee rate established for 2005 has remained constant
8. White-collar workers in manufacturing, retail, credit and insurance; blue-collar workers in manufacturing
9. Pension insurance for white- and blue-collar workers; average pension contribution of those insured; pension age – 1st January
10. West Germany, incl. West Berlin
11. East Germany, incl. East Berlin
12. From 2005 onwards, the cut-off date for the Federal Agency of Employment's statistics was set at the middle of each month; comparisons with previous years are therefore slightly distorted
13. Number of unemployed in %, based on employees
14. 1 May 2006, recipients of SC II
15. For single persons
16. Job opportunities incurring additional expenditure (so-called "additional jobs")
17. Recipients of Unemployment Benefit II, and social welfare recipients, as a share of the population on 13.12.2005
18. Percentage of the population of the same age group, on 31.12.2005
19. Saxony: employers 1.35%, employees 0.35%
20. In 2006, the social security contribution ceiling stood at about 5,250 € per month in the West and at about 4,400 € in the East
21. Paid overtime
22. Share of employees with temporary employment contracts; excluding apprentices
23. Net transfer; estimate of the Institute for Economic Research, Halle
24. Number of apprenticeship places per 100 applicants
25. West Germany
26. Self-assessment of interviewed persons, every 4 years
27. Recipients of Unemployment Benefit II, and social welfare recipients, as a share of the population on 31.12.2005
28. European Industrial Relations Observatory
29. Population below poverty level after social transfers; the poverty level is defined as 60% of national median equivalent income
30. Aged between 15 and 64 years
31. Annual average; aged between 15 and 74 years

Note:

The data referred to is partly in rounded up figures. The amount of change against the basis or previous year's figures is based on the exact original figures. This explains the minimal variance between printed data and the changes referred to. As a rule, the 'territorial boundary east' refers to the new states and east Berlin and 'west' refers to the Federal Republic and West Berlin. Any varying territorial boundaries are indicated by footnotes.

Abbreviations:

GDP	Gross Domestic Product
CGB	Christian Trade Union
DBB	German Union of Career Civil Servants
DGB	Confederation of German Trade Unions
IAB	Institute for Labour Market and Work Research
MC	Micro census
PP	percentage points
SC	Social Code
